

DANIEL AGUIÑAGA GÓMEZ

Audio Engineer & Post-Production Specialist

📞 2226623605 @ danielgg670@gmail.com 🔗 www.linkedin.com/in/daniel-ago 📍 Puebla, Mexico

SUMMARY

Audio Engineer specialized in post-production, sound design, and audio editing, with over 4 years of experience in audiobooks and video game localization. Extensive background in dialogue editing, audio cleanup, synchronization, and quality control. Passionate about sound quality, creative workflows, and the use of AI-based audio tools.

EXPERIENCE

Audio Editor for Audiobooks

Jarpa Studio

📅 09/2020 - 06/2025 📍 Mexico City

- Editing and processing audiobook narration to ensure high sound quality and consistency.
- Eliminating background noise, silences, pops, clicks, and mispronunciations.
- Applying cleaning, normalization, compression, and equalization processes.
- Optimizing the pace, clarity, and intelligibility of narratives.
- Delivering high-volume projects within tight deadlines while maintaining quality standards.

Quality Control for Video Game Audio Localization

Keywords Studios

📅 02/2022 - 02/2023 📍 Mexico City

- Quality assessment for dubbing and audio localization in video games.
- Validating lip synchronization, timing, dialogue coherence, and sound quality.
- Cultural and linguistic adaptation of content for various markets.
- Structured reporting of audio and localization errors to production teams.
- Collaborating with localization, engineering, and production teams.
